	EM-Mask and the CM-Mask are quite different products.” Does this mean that the previous market research concluding that “a consumer’s demand for the CM-Mask or MF-Mask increases when the price of the EM-Mask increases”, conducted in pre-COVID-19 situation, is no longer valid in post-COVID-19 situation?	the price of B increases.
18	[p.4] It is specified that EM in Esmond has the technology to upgrade the functions of the CM-Mask to those of the EM-Mask. Does this upgrade happen in the middle of the production process of CM-Masks (i.e. before the production is completed), or is it also possible to upgrade the functions of end product(완제품) as well, even after Esmond has imported CM-Masks?	The problem did not take into account the facts that are relevant to your questions.
19	[p.4] It is specified that Esmond’s motive for the imposition of Measures A through D is to increase the market shares of the EM-Masks in its domestic market. Is Esmond’s motive (1) explicitly known by other countries, including Caspian, and (2) written in any official legislative documents?	The problem did not take into account the facts that are relevant to your questions.
20	[p.4] Is there any domestic law or regulation in Esmond that provides the basis for Measures A through D?	The problem did not take into account the facts that are relevant to your questions.
21	Esmond가 조치 D를 취할 때는 “due to the fact that CM-Masks do not require the rigorous inspections set forth by the National Institute for Safety and Health in Caspian”(p.5)이라는 명분을 내세웠다고 나와 있습니다. 그렇다면 조치 A, B, C를 취할 때도 이와 같은 명분을 내세웠나요? 아니면 아무런 이유를 들지 않았나요?	The problem did not take into account the facts that are relevant to your questions.
